Lottery Procedure:

Applications will be accepted through the stated deadline (April 9, 2010 for the first window, April 30, 2010 for the second window, and May 21, 2010 for the third window). Student names will be categorized in a database based on the grade they will be entering in 2010-2011.

For a given grade level, if there are more spaces than student applications, all student will be accepted. If there are more applications than spaces, all the student names for that grade level will be entered into a lottery.

On the day of the lottery, student names for a given grade level will be put into a hopper and pulled out one by one. The first name pulled will be assigned number one, the second name will be number two, and so on until every name is assigned a number.

Starting with the lowest numbers, students will be admitted to the grade level until it is filled. Students whose numbers are too high to allow them admittance will be kept on a waiting list in the order of their numbers.

Sibling Rule (BEGINNING 2010-2011) After all grade levels are filled, siblings of admitted students will also be admitted, even if this means over-enrolling their grade levels. The purpose of this policy is to allow families to keep their children together at the same school. Verification of sibling relationship is required. A sibling is defined as a brother or sister born to both parents, a half or step sibling, or foster child or student under legal guardianship of parent(s) of a child who has won a space through the lottery.

Posting of Lists: The Monday after each lottery is held, the list of assigned student lottery numbers, admitted to School of Dreams Academy, will be posted on the front door of the School of Dreams Academy Office (1800 Main St NE Suite 250, Los Lunas, NM 87031), and on the School of Dreams Academy website. We will also attempt to contact every family by phone, but cannot guarantee the success of this contact. It is the responsibility of each family to find out the results of the lottery, and to pick up and submit an enrollment form by the stated deadline. If an enrollment form is not received by the required deadline, the student's space will be given to a student on the waiting list.

When school opens in August 2010, any student who does not show by day three will lose his/her place to the next student on the waiting list.
